Columbus Day Monday October 10, 2016	Monday October 10, 2016	Monday Tuesday	10/10 10/11	➔	Tuesday Wednesday	10/11 10/12

Please Help Keep Our Waterways Clean

Never dispose of any type of waste, especially household hazardous waste, into a storm drain or canal.

Our canals and waterways provide flood control. Never toss vegetation into our storm drains or canals, as it could restrict its ability to discharge stormwater and can cause flooding. Also, the decaying process causes oxygen depletion in the water and could result in loss of marine life. Dumping vegetative waste into a canal is against the City of Boca Raton's Code of Ordinances and you could receive a code violation and be fined.

It takes only 1 gallon of oil—the amount of a typical oil change—to foul 1 million gallons of water.

Use less fertilizer! For your lawn, for your wallet, and our Waterways!

For more information on how to keep our waterways clean, please visit the City's website at:
<http://myboca.us/muni/stormwater>

SOLID WASTE VIOLATION NOTICE

If you receive a "Solid Waste Violation Notice" and your waste is refused for pickup due to contamination or because it contains an unacceptable material, you are responsible for removal from the swale area within 12 hours. Collection of the clean load will not occur until your next scheduled pickup day unless provided as a pay for pickup service.

Failure to comply with City regulations can result in Code Enforcement action.
